TSAI Chieh-Hsin

蔡潔莘，1982年生於台灣台北，2010年畢業於國立臺南藝術大學造形藝術研究所（MFA）。歷年作品主要以紙漿雕塑為創作媒材，除了其材質給人樸實、溫潤的感受，也期盼能夠貫徹最初低耗能，減少廢棄物的環保概念。創作核心是關注人與人、動物、植物的關係，互相學習、彼此依附、共享生命。微笑的表情是作品中最主要的語彙，常見的擁抱肢體動作，傳遞最簡單純粹的情感 - 『愛』。

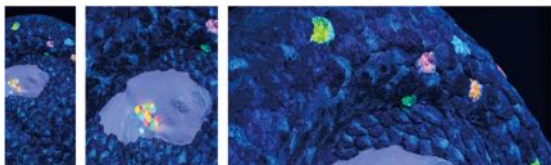

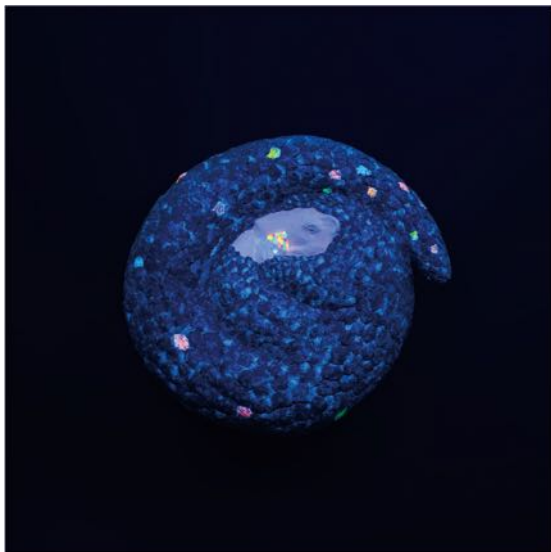

TSAI Chieh-Hsin was born in 1982 in Taipei, Taiwan. Graduating from the Graduate Institute of Plastic Arts at the Tainan National University of the Arts in 2010, TSAI Chieh-Hsin is known for her paper pulp sculpture. She chooses the material for its warm and sincere quality, but also for her belief in ecological sustainability with low-power consumption and waste reduction. Her artistic practice mostly focuses on human's relationship with animals, plants and other humans, featuring a shared life of mutual learning and co-existence. The smiling face is the key motif in her works, with the familiar hugging gestures to express "love," the simplest and purest form of feeling.
